

State Aid Legislation

Public Act 297 of 2000

Sec. 61a. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$30,000,000.00 for 2003-2004 to reimburse on an added cost basis districts, except for a district that served as the fiscal agent for a vocational education consortium in the 1993-94 school year, and secondary area vocational-technical education centers for secondary-level vocational-technical education programs, including parenthood education programs, according to rules approved by the superintendent. Applications for participation in the programs shall be submitted in the form prescribed by the department. The department shall determine the added cost for each vocational-technical program area. The allocation of added cost funds shall be based on the type of vocational-technical programs provided, the number of pupils enrolled, and the length of the training period provided, and shall not exceed 75% of the added cost of any program. With the approval of the department, the board of a district maintaining a secondary vocational-technical education program may offer the program for the period from the close of the school year until September 1. The program shall use existing facilities and shall be operated as prescribed by rules promulgated by the superintendent.

(2) Except for a district that served as the fiscal agent for a vocational education consortium in the 1993-94 school year, districts and intermediate districts shall be reimbursed for local vocational administration, shared time vocational administration, and career education planning district vocational-technical administration. The definition of what constitutes administration and reimbursement shall be pursuant to guidelines adopted by the superintendent. Not more than \$800,000.00 of the allocation in subsection (1) shall be distributed under this subsection.

(3) From the allocation in subsection (1), there is allocated an amount not to exceed \$388,700.00 for 2003-2004 to intermediate districts with constituent districts that had combined state and local revenue per membership pupil in the 1994-95 state fiscal year of \$6,500.00 or more, served as a fiscal agent for a state board designated area vocational education center in the 1993-94 school year, and had an adjustment made to their 1994-95 combined state and local revenue per membership pupil pursuant to section 20d. The payment under this subsection to the intermediate district shall equal the amount of the allocation to the intermediate district for 1996-97 under this subsection.
